

Starting February 25, 2026, Construction will begin on the intersection of Reid Avenue and Highway 71, in accordance with the approved detour plan.

All excavated areas will be filled with millings, secured the same day, and properly maintained until the concrete is poured.

Prior to completing the work on Reid Avenue, the intersection at Long Avenue and Highway 71 will be closed. This intersection will remain closed until the concrete is poured and fully cured. The estimated completion date is March 6, 2026.
