

# Resilient Port St. Joe VULNERABILITY ASSESSMENT

Outreach Meeting 3

## Flood Adaptation Strategies

---

The **FDEP Resilient Port St. Joe Project** is advancing to the flood adaptation project phase. This effort focuses on planning strategies that ensure transportation connectivity, enhance storm and wastewater management, support building retrofits, and green urban infrastructure.

Join the Community Meeting to discuss these possible projects with the project team and imagine a flood-resilient future for Port St. Joe.

### WHEN:

**February 29<sup>th</sup>, 5:00 - 7:00 PM**

### WHERE:

**Port St Joe Garden Club**

**216 Eighth St, Port St Joe**

Pizza and refreshments will be provided!
